NOTICE REGARDING POWER OF ATTORNEY

This is in response to the Power of Attorney filed 03/16/2007. The Power of Attorney in this application is not accepted for the reason(s) listed below:

- The attorney or agent requesting to withdraw has not been appointed attorney of record in the application (i.e., there is no power of attorney). Accordingly, the withdrawal cannot be accepted because the practitioner seeking to withdraw is not of record. Moreover, a patent practitioner cannot withdraw another practitioner of record unless they also withdraw himself or herself, and affirm that they are acting on behalf of the other patent practitioner(s). To revoke the power of attorney given to another patent practitioner, the applicant must comply with 37 CFR 1.36(a).
- The Request for Withdrawal of Attorney or Agent does not properly identify the attorney(s)/agent(s) to be withdrawn.
